HYPNOTHERAPY CERTIFICATION COURSE

What is Hypnosis?

Hypnosis is defined as an altered state of awareness in which you appear to be asleep or in a trance. Even though you appear to be in a trance during hypnosis, you are not unconscious. Hypnosis has developed a significant scientific research backing illustrating its effectiveness in many areas including weight management, quit smoking, stress reduction, pain management, and a wide range of bad habits or addictions.

Our Training

Our accelerated Hypnosis Training is conducted over three consecutive days in which you will develop a range of skills in hypnosis. The primary focus of the weekend is to develop the practical, hands on experience of the skills and techniques. In order to become certified, post the weekend, you will be required to complete a take home examination and return within two months of course completion.

The skill sets of the course include:

- Learn by doing – over 80% of the course is practical skills
- Supervision by an Experienced Certified Trainer and registered Hypnotherapists.
- Development of Interviewing skills to ascertain the 'presenting problem' and identify Suggestions for producing results.
- Suggestibility Tests
- Inductions – Krasner Method
- Deepening Techniques
- Post Hypnotic Suggestions

Once completion of take home examination, you will be eligible for registration.
